3. Service Description

3.1 Prepaid Mobile Service provides users with public mobile telecommunications services, including voice calling, messaging and data with a range of spending options for predefined sets of usage credit and service validity duration.

3.2 Prepayment mechanism:

3.2.1 Prepayment timing: The subscriber may prepay for usage and service validity at any time, even if the subscriber's account has remaining credit.

3.2.2 Maximum duration: The maximum duration of service validity that may be accumulated through prepaid top-up is 365 days. Any additional top-up over this threshold will provide usage credit only.

3.2.3 Grace period: If the service validity period expires, the subscriber will be entitled to a grace period of 30 days, during which time their service will be limited to incoming calls only.

3.2.4 Account suspension: If the subscriber fails to pay for additional usage and/or service validity before the end of the grace period, a suspension period of 90 days will immediately commence.

3.2.5 Account termination: If the subscriber fails to pay for additional usage and/or service validity before the end of the suspension period, the account will be terminated. In such cases, the subscriber will forfeit any remaining usage credit and may permanently lose the assigned telephone number.
