Hala's control Shahry's value

Shahry Control is a new price plan that combines the control and flexibility of Hala Pay As You Talk and the great benefits and value of Shahry Pay Monthly.

Each month you pay **QR200** and in return you will get **QR200** credited to your account for local or international calls, messaging or Internet access.

If you need more before the end of the month then just top up with any Hala card or e-Voucher until your next monthly credit is added to your account. At the end of each month, you will get a detailed bill.

There are no monthly fees to worry about and if there is remaining credit at the end of the month then it is automatically carried over into the next month. And if you want to know your balance, at anytime, then simply dial ***129#** 

You can switch to Shahry Control from Standard Shahry or a Shahry Value Pack at any time by simply calling us **FREE** on **111**.

How to top up your Shahry Control account

If you use up your credit before the end of the month, then all you have to do is to top up using any Hala recharge option.

And remember, although it's a Hala Top-up, you will be getting the great value of Shahry prices as well as Hala FREE bonuses!

Hala Top-ups are available from all Qtel Shops, Self Service Machines and from dealers throughout Qatar.

Direct Top-ups

With Direct Top-ups you get even more flexibility in deciding how much you want to spend. Using a Qtel Self Service Machine – located in all Qtel Shops and other key locations around Qatar - you can top up with any amount between **QR10** and **QR500**. Simply key in the desired amount, insert the cash (or you can use your credit card) and in seconds you'll get an SMS telling you your new credit balance. With amounts over **QR50** we will also include **FREE** bonus credit as shown in the table below.

Roaming with Shahry Control

You can use Shahry Control to make calls and send messages when you are travelling outside of Qatar. To make a call, simply dial **00** (or **+**) followed by the destination country code and the number you are calling.

Call Back Roaming

This allows you to make an outgoing voice call when you are in countries where Qtel has Roaming agreements and where direct dial is not supported.

To make a Call Back Roaming call, simply dial ***101*** recipient's number in international format **#** 

Within a few seconds you will receive a call from **+9745589910**. Answer the call and wait to be connected to the number you dialled. Call charges will apply only when the recipient answers the call.

Call Back Roaming is subject to Qtel's Roaming Partners Policy. Hala terms and prices apply.
